

- TECHNOLOGY AREAS: Air Platforms, Ground and Sea Vehicles, Materials/Processes, Weapons
- Defense Logistics Agency (DLA) is DOD's largest combat support agency, providing worldwide logistics support in both peacetime and wartime to the military services as well as several civilian agencies and foreign countries.
- DLA seeks the highest level of innovation in the discrete-parts support of fielded weapon systems, (many of which were designed in the 1960's, 1970's and 1980's) with a future impact on both commercial technology and government applications.
