- Will your project continue after the initial six-month Phase 1?
- Can you compete successfully for a Phase 2 and its higher funding level?
- How is the Phase 2 proposal different from Phase 1?
- When should you begin the application process?

Learn the answers to these and many other proposal and program related questions at this state-wide workshop presented by the Greenwood Consulting Group, nationally recognized experts in SBIR proposal preparation. Our focus will be on Phase 2 proposals, but we will also present information which will benefit all SBIR applicants.
